How the EITC Program Benefits Your Business

Through this program, the Pennsylvania Department of Community and Economic Development provides state tax credits to eligible businesses that contribute to Enlightened Learning Center. An approved business will receive a 75% tax credit for a one year commitment or a 90% tax credit if a business agrees to provide the same amount of contribution for two consecutive years.

How to Make EITC Work for You

The Department of Community and Economic Development must approve your business before you make a contribution and receive tax credits. Approval is accomplished through a simple one-page application, which is due on (not prior to) July 1 of each year. Once approved, your business must make its contribution to Enlightened Learning Center within 60 days and provide proof of the contribution to the Department within 90 days. We will provide proof to businesses of contributions received with a written acknowledgement in accordance with EITC Program guidelines.
